“The work starts today and the completion is scheduled for spring of 2009, - said the agency representative.

In her words, the amount of order - about 62 million euros. The project will be implemented on a parity basis with a Russian construction company **Renaissance Construction** under the leadership of the Austrian concern.

Modernization and expansion of the airport are the first steps in the preparation of the Olympic Games in 2014, said the representative of Strabag. Source: «Новости».
